

This summer you want to end your GEM fashion swing with a bang, so let yourself go gracefully in this Windswept Beauty Dress in Magenta.

Delic'ate crepe fabric falls in elegant tiers down the entire length of this dress, and at only \$47.00 online – this is quite a steal! The scoop neckline transitions to a halter strap with two fluttery panels framing an open back, so ladies, this is the perfect time to invest in a Victoria Secret “Invisible Shaping Bra” (\$68, victoriasecret.com) also know as the “stick-on bra”. This dress is fully lined, and we recommend that you hand wash or dry clean this item to ensure the ruffles remain fluttery.
